Adjustable trimmer blades

Pot size adjustment

Pot turning wheels

**A proud member of the
BouldinCorp™ Family**

Pro-Line Contour Trimmer

The Pro-Line Contour Trimmer automates uniformed trimming of pots. A variable speed conveyor carries materials through specialty trimming blades.

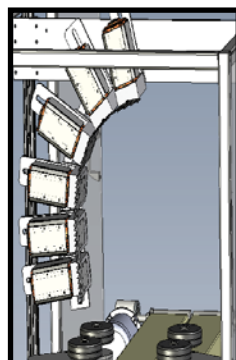

The Contour Trimmer will trim heights up to 40" from conveyor bed (including container). This system will trim shrubs and trees in containers with container dimensions from 5 1/2" to 14" top diameter. Trimmer will trim plant material to finished diameters from 20" to 5".

Features:

- 220V single phase
- Variable speed conveyor & pot turning
- Adjustable and removable contour blade system
- System can be used inside or outside
- Narrow profile allows for easy transport between rows or aisles

Options:

- Blade sterilization system
- Frame & tires
- Tires & hitch
- Generator
- Shapes include: ball, pyramidal, cylinder, dome or customer specified

From concept to design

Made in the USA
